Introduction

The **Scarborough Land Conservation Trust** was originally founded as the Owascoag Land Conservation Trust in 1977, Owascoag being the Indian name for the area meaning "the land of many grasses". Later renamed the Scarborough Land Conservation Trust in 1984 to reflect and include the town's other rich natural areas in addition to coastal assets, its mission continues to be the acquisition, preservation, and management of unique land within Scarborough for the benefit and enjoyment of the public.

In 1999, 22 years later, the Scarborough Land Conservation Trust holds 6 parcels in fee totaling 272 acres, holds 2 conservation easements totaling 37 acres and one management easement for 5 miles of trail. SLCT protects a total of 309 acres, most of which is open (or soon will be) to public passive recreation.

The Trust is an entirely local, fully volunteer group. As a private, non-profit organization, the Trust depends on contributions for support. While land trusts are not required to pay real estate taxes, we do so to maintain good will with the community.

The Scarborough Land Conservation Trust has worked successfully with both landowners and developers to preserve land. The Trust educates people about land conservation and works with anyone wishing to protect land. Becoming a Scarborough Land Conservation Trust member is one way you can help promote conservation in Scarborough. As a member, your tangible benefits include a quarterly newsletter and invitations to quarterly forums and special events. Your intangible benefits include protecting land and contributing to the preservation of a valued quality of life.

● Reorganization

Oak Hill Grange # 104 was reorganized through the efforts of a few Scarborough citizens, who, along with the Scarborough Conservation Committee, wished to save and restore the former Pleasantdale Grange building which was scheduled to be demolished. These people researched options for use of the building. Upon learning about the Grange Organization, the group decided that they wished to reorganize. The State Grange informed the group that it had the original charter for the Oak Hill Grange that had been formed and had occupied the building in the late 1800's. Thirty-five people signed on to become Charter Members on June 20, 1997. The Charter was signed at the Grange Hall & the Officers were installed at the Black Point Congregational Church Hall, with approximately thirty others in attendance.

● Meetings

Meetings are currently held at 7:00 p.m. on the first Friday of the month at the North Scarborough Grange Hall. At Oakhill Grange Hall from May to October. There may be some changes in meeting days due to a holiday, etc. Business meetings are usually not open to the general public. Special events open meetings will be announced. Please contact the Oak Hill Grange Master at 883-9937 for information. The Grange Hall had been vacant for over one year, & therefore, according to the Town of Scarborough Zoning Ordinances, the building could not be grand fathered to operate as a Grange until approved by the Zoning Board of Appeals. An Occupancy Permit was issued to Oak Hill Grange on October 30, 1998. Members have agreed to continue meetings at North Scarborough until certain plumbing & heating issues are addressed.
